

Overton ISD Yearbook Honor

The Overton ISD yearbook, Los Tejas, received the Jostens National Yearbook Program of Excellence Award for the 2016 edition.

The award is given to schools nationwide which meet specific criteria pertaining to creating yearbooks that reflect a wide representation of the overall student body and managing the production and sales of the yearbook effectively. Los Tejas received distinguished recognition on the basis of design, specifically the design of this year's cover and extensive thematic development.

Los Tejas sponsor Kimber Smith stated, "We worked diligently to create a beautiful book that covered as many events as possible and featured as many students as possible in order to make it meaningful for all OISD students."

The 2015-2016 Los Tejas staff included the following students: Quayln Stark, Olivia Moffet, Caitlin Boehm, Daisy Williams, Virginia Emmel, Adam Elliot and Lexie Melton.

The full list of recognitions has not been released for this year, but only one school district in East Texas (Woden) received the award last year.
